AEROSPACE DIVISION GROUP COMPANIES

Technical Service Centre

In-country “Technical Service Centre” meeting Global Aviation Standards for undertaking Repair, Overhaul and Upgrade of Eastern and Western Origin defence aviation assets as operated by the Indian Navy (IN) and Indian Air Force (IAF).

Aviatech and **Zealtek** are two independent vertical entities of the **CROWN GROUP** that together provide technical services to the Indian defence aviation sector.

Aviatech is an **ISO 9001** certified MRO service provider and NABL accredited Calibration laboratory that provides OEM authorised repair and overhaul (ROH) services to maintain the Eastern origin assets.

ZEPL is one among the few AS 9110 C certified MRO (Maintenance Repair and Overhaul) Organisations in India that provides technical services to the Indian defence aviation sector for indigenised ROH of eastern and western origin assets.

Both entities have a proven track record of providing effective service support to its customers from the Indian Navy, Indian Air Force, and HAL.
